

22nd September 2023

The President
Graduate Student Association,
University of Lethbridge,
Lethbridge, Alberta.

Dear President,

Letter of Intent

My name is Ademilayo Michael ENIGBOKAN, a graduate student from the Dhillon School of Business, University of Lethbridge, majoring in Accounting under Management (BANA).

My concern, interest in serving humanity and representing our great school at the Graduate level is undoubted. The goal is to listen and allow voices of my colleagues and other graduate students be heard and well represented at the Graduate level.

“Service to humanity is the best work of life”. This is our slogan in Junior Chambers International (JCI), The pathfinder chapter, University of Lagos, Lagos state, Nigeria. I served in various positions and Chair lot of projects within the limited term and won awards as the best project in the institution. We carried out lots of volunteering activities, we gave back to the society around the school, and we presented a gift to the Pa. Tawo Akinkunmi (The Man that designs the Nigeria National flag) which I Chaired all these activities within my capacity.

I am committed in servicing my fellow Graduate colleagues at this great institution if given the opportunity to do so. I promise to remain steadfast in my academics, Dhillon School of Business, to the Graduate Students Association and the school at large. I will like to initiate or suggest the tax returns workshop for new graduate students which was discussed at the Graduate Student Orientation program held and any other bright initiatives over the period.

Thank You.

Ademilayo Michael ENIGBOKAN
